

BEST BASKET

You'll need: Scissors, crayons, 2 brads, paper punch

1. Decorate the basket and handle.
2. Cut out the basket on the solid lines. (Don't forget to cut the slits.) Cut out the two handle pieces.
3. Fold back on the dotted lines to form the basket. Glue handle strips together to make one long strip.
4. Use a paper punch to punch the 6 holes in the basket and on each end of the handle. Line up the holes on each side of the basket with the handle hole. Use a brass brad on each side of the basket to hold basket and handle together.
