JIFFY JET

You'll need: Crayons, scissors, tape, paperclip
1. Color the jet.
2. Cut out the square on the solid black lines.
3. Fold each dotted line (1-7) down, in number order. Fold up on dotted line #8.
4. Put a small piece of tape across the top of the jet to hold both halves together.
5. Paperclip the underside of the jiffy jet.
6. Hold the underside of the jet with your thumb and forefinger. Toss it forward to fly it.
