

LUCKY BOX

You'll need: Crayons, scissors, glue

1. Color the shamrock box and the rainbow handle. (You can decorate the back of the paper with a design, if you'd like.)
2. Cut out the shamrock box and the rainbow handle.
3. Fold the box up on the dotted lines. (Fold so the shamrocks are inside the box.) Fold the tabs in. Glue each tab to the outside of the box. Press to hold in place.
4. Fold back the top of each shamrock. Set the rainbow inside.
5. To fold into a box: Fold each leaf in, one at a time, around the box. Tuck in one side of the final leaf.
