

EXTREME SAILING

You'll need: Crayons, scissors, school glue

1. Decorate the boat and the sail.
2. Cut out both parts on the solid black lines.
3. Fold the boat back on each dotted line.
Glue the tabs. Press to hold.
4. Fold the sail in half on the dotted line. Fold up the tabs. Glue the back of each tab.
Set the sail in the boat with each bottom corner of the sail touching each back corner of the boat.

Set the boat on a flat surface, like a table. Blow on the back of the sail. How far did your boat travel? Challenge a friend to a boat race.
